

BC WHEELCHAIR SPORTS ASSOCIATION FAIR PLAY POLICY

1. BCWSA supports the following principles related to Fair Play:
 - a. Respect the rules
 - b. Respect the officials and their decisions
 - c. Respect your opponent
 - d. Give everyone an equal chance to participate
 - e. Maintain your self-control at all times
2. BCWSA considers the teaching of respect for the rules and for other participants, teaching fair play and the spirit of the game is as important as teaching the skills. Without fair play, participants will come to believe that winning and scoring points are the only aims and will miss the enjoyment and opportunities that sport and recreation offer.
3. By making sure that the rules, officials and opponents are respected at all times, all participants are given the opportunity of an equal chance to develop and test their skills. Participants can be challenged to measure their success by both scoring and performing well – with dignity, integrity and pride.
4. BCWSA will work to promote these principles throughout their activities.
